Location

Gauteng, South Africa

Education

Sefako Makgatho Health Science

University

2019

- Bachelor of Science(Hons) Medical Science

2016-2018

- Bachelor of Science in Physical Science

The Hill high school

2011-2015

- National Senior certificate

Skills

- Presentation Skills
- Ability to pay attention to details
- Great communication and interpersonal skills
- Computer literate
- Able to meet deadlines
- Good writing and analyzing skills
- Insight and problem solving capabilities

Language

English

Tshivenda

Zulu

Xhosa

Setswana

Rilinde Tshivhase

Medical Physicist

I like to think of myself as someone who is highly ambitious, motivated, and determined to succeed in every academic, professional, and social task that comes my way. I'm proud to be a hard worker who adapts to any challenge or obstacle that comes my way. I am an inquisitive individual who is eager to try new things and learn new things. Everything I set out to do, I believe, is doable if I have faith and a plan that I will follow through on.

Experience

2022-2023

Dr George Mukhari Academic Hospital (DGMAH)

Medical physics intern

Training as an Intern Medical Physicist in order to register with HPCSA as a qualified Medical Physicist. Area of training included Nuclear medicine and Radiation protection. The following activities were performed, Acceptance and routine quality assurance (weekly, monthly and annual) tests on the following imaging modalities and treatment

- SPECT/CT
- PET/CT
- Hot labs
- Dose calibrators

2021-2022

Charlotte Maxeke Johannesburg Academic Hospital

Medical physics intern

Training as an Intern Medical Physicist in order to register with HPCSA as a qualified Medical Physicist. Area of training included Radiotherapy and Radiation protection. The following activities were performed, Acceptance and routine quality assurance (weekly, monthly and annual) tests on the following imaging modalities and treatment:

- Linear Accelerators
- Computer Tomography (CT) Simulators
- HDR Brachytherapy
- Orthovoltage
- Treatment planning systems

2020-2021

Dr George Mukhari Academic Hospital (DGMAH)

Medical physics intern

Training as an Intern Medical Physicist in order to register with HPCSA as a qualified Medical Physicist. Area of training included Nuclear Medicine, Diagnostic Radiology and general Radiation Protection. The following activities were performed, Acceptance and routine quality assurance (weekly, monthly and annual) tests on the following imaging modalities:

- Conventional x-ray units
- Computer Tomography (CT)
- Magnetic Resonance Imaging (MRI) unit
- Mammography unit
- Ultrasound
- Fluoroscopy units
- Reporting monitors (PACS)
